FOREWORD

Since 1931, at which time the Santa Rosa Junior College was thirteen years old, the beautiful oak trees on our campus have been silent observers and guardians of its growth and development. They have become as much a part of the campus as the students and are as loved and symbolic as Rosco, the Bear Cub.

At first the oaks looked down on only one building, Pioneer Hall, where 325 students went in and out its doors. But as twenty years followed one another, the trees saw seven more buildings grow under them and over 1,000 more students passing daily under their branches.

Now another year has passed with days of wind, rain, cold and warm sunshine. Through this year, too, the oaks have stood majestically and peacefully watching the kaliediscope of learning and fun.

Let us follow with them and the seasons through the following pages of cherished memories and the colorful pictures of campus life as it unfolded during the Fall of '50 and the Winter and Spring of '51.

DEDICATION

The year 1951 which began the second half of the century saw a world confronted with many serious problems. These problems affected college students throughout the country and was felt on our own campus as many students left their studies to volunteer or be drafted into the armed services.

The 1951 Patrin is dedicated to these students who left during the college year '50 and '51, and it is the sincere hope of those who saw them leave that when their time of service is finished, they may return to continue their education at Santa Rosa Junior College. Below are the names of students who left for one of the services during the year.

BOARD OF TRUSTEES

LEFT TO RIGHT: Mr. Ray O. Kelly, Mr. George N. Beck, Mr. Bernard C. Plover, Dr. R. S. Quinn, and Mr. Warne Lark

Working untiringly for the best interest of students on our campus, is our fine Board of Trustees. This year in addition to their regular administrative duties, the members discussed plans for a future building program in anticipation of the continuing growth of the college.

Mr. Bernard Plover, President

LOOKING TO THE FUTURE WITH PRESIDENT BAILEY

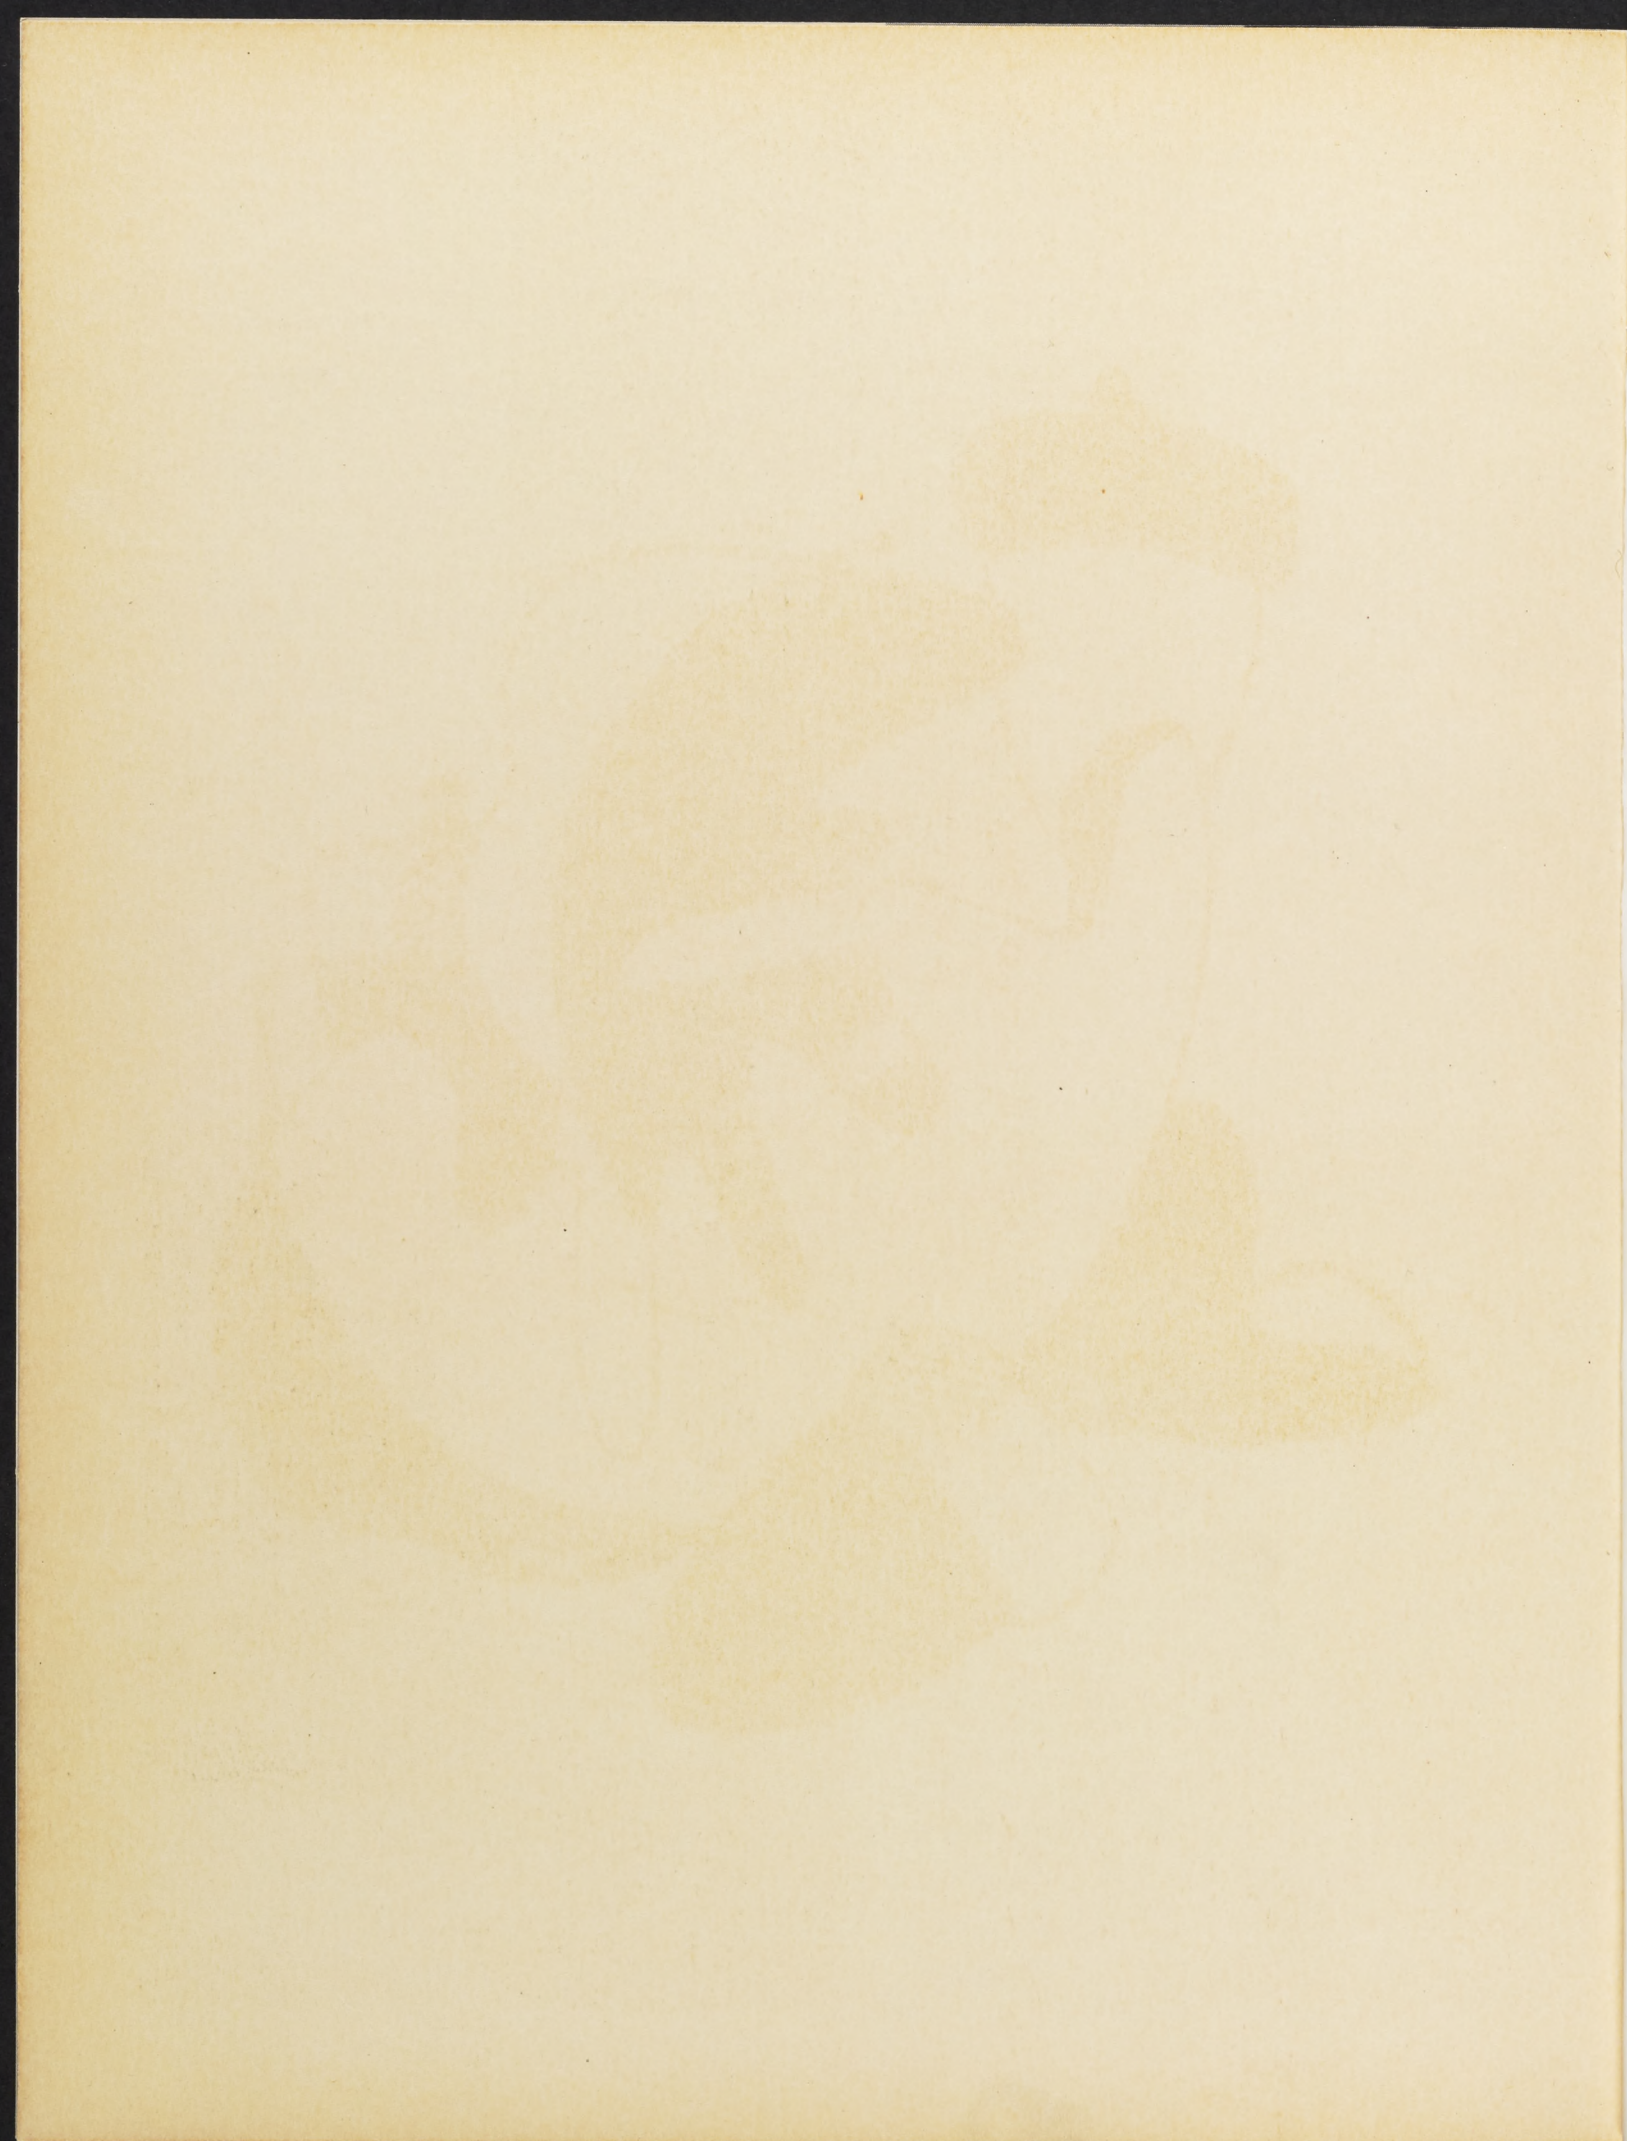

Today the free thinking and freedom loving people of the world have been alerted. This is a period of preparation everywhere, but particularly in the army camps and on the college campuses. During this period of preparation we owe it to ourselves to keep abreast of every development. We will be confronted with certain inescapable responsibilities. There will be many opportunities, duties and dangers about which we should be informed.

During this period the emphasis in college will be completely changed. President Griswold of Yale University says, "A university or college is no hiding place or fortress or academic cloister. Each one of us must do every thing within his power to preserve our form of government. Old and young, men and women, physically fit and physically unfit are all going to be needed in some capacity. The colleges must provide leadership and service. In order that we keep pace with the rest of the world in our scientific development we must pay particular attention to the exceptional student. We must at the same time cultivate a spirit of cooperation, loyalty and patriotism among all our students. The international picture is very dark. I most sincerely hope + pray for an early improvement. Where ever you go may God go with you + keep you during this emergency.

Friendliness and informality are the two characteristics that make the California History Library a room students enjoy using. The motivating force behind this room is Miss Marian Whitney, history instructor. Sofas and chairs are there for the students' comfort.

Organ practice has become a "favorite" among the music students. Since the organ was acquired last year for the music department, many students have taken advantage of a course in organ, under the leadership of Gordon Dixon.

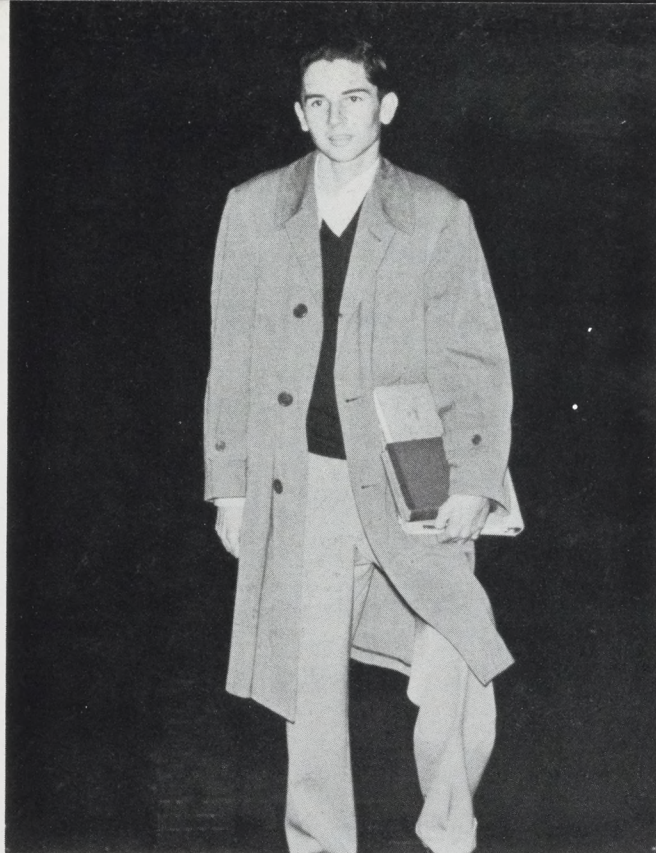

Under Mrs. Worden's and Miss Abeel's careful eyes fine works of art are created by the students in their classes. A freshman sits for her portrait during a life drawing class.

Santa Rosa Junior College's Golden Bear Cubs of the 1950 football campaign will go down in history as the greatest gridiron aggregation in SRJC annals. Twelve times this team trodded onto the turf and twelve times they emerged victorious with comparative ease . . . and then were shunned at the close of the year when committees for the Junior Rose Bowl stepped forth to choose participants for their annual classic.

These scintillating guys of the gridiron accounted for 462 points during the entire season to become the highest scoring football team in the nation. The Cubs held their opponents to a mere 62 points. Congratulations are due the entire coaching staff, team, and all those who made this football season a memorable one.

On November 21 a caravan of 30 cars containing approximately 175 rooters invaded the peaceful tranquility of San Francisco. The escort from the San Francisco police department and state highway patrol took the cars directly to the Chronicle building where students were led in various yells and flourished many and varied posters.

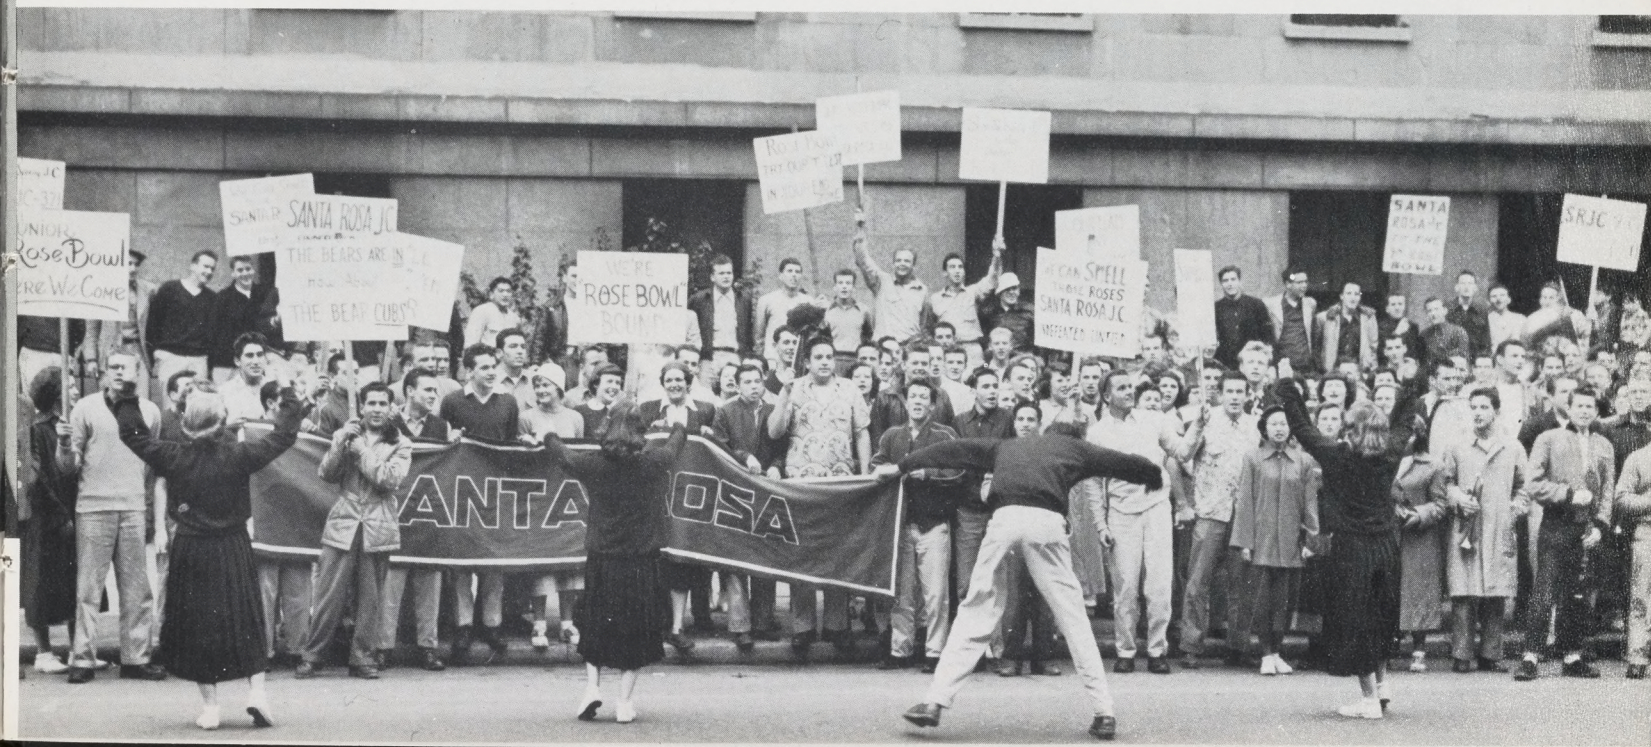

The other newspapers in line for Santa Rosa Junior College yells were the Examiner and the Call Bulletin.

This caravan was organized to draw the attention of the Junior Rose Bowl officials at Pasadena to the unbeaten and untied Santa Rosa Junior College Bear Cub football team.

The fall semester brought a new club to the campus, the Hawaiian Club. In the beginning its membership consisted of island born students, but wishing to share their culture with all the students, members opened the club to other students.

The "Hui O'Hawaii" is the official name. "Hui" means group or gathering. The club has proved its worth by successfully undertaking certain school projects, such as decorating for the Marin-Santa Rosa dinner and providing the entertainment. The club has also provided musical numbers at several assemblies and at other campus meetings.

SKI TRIP

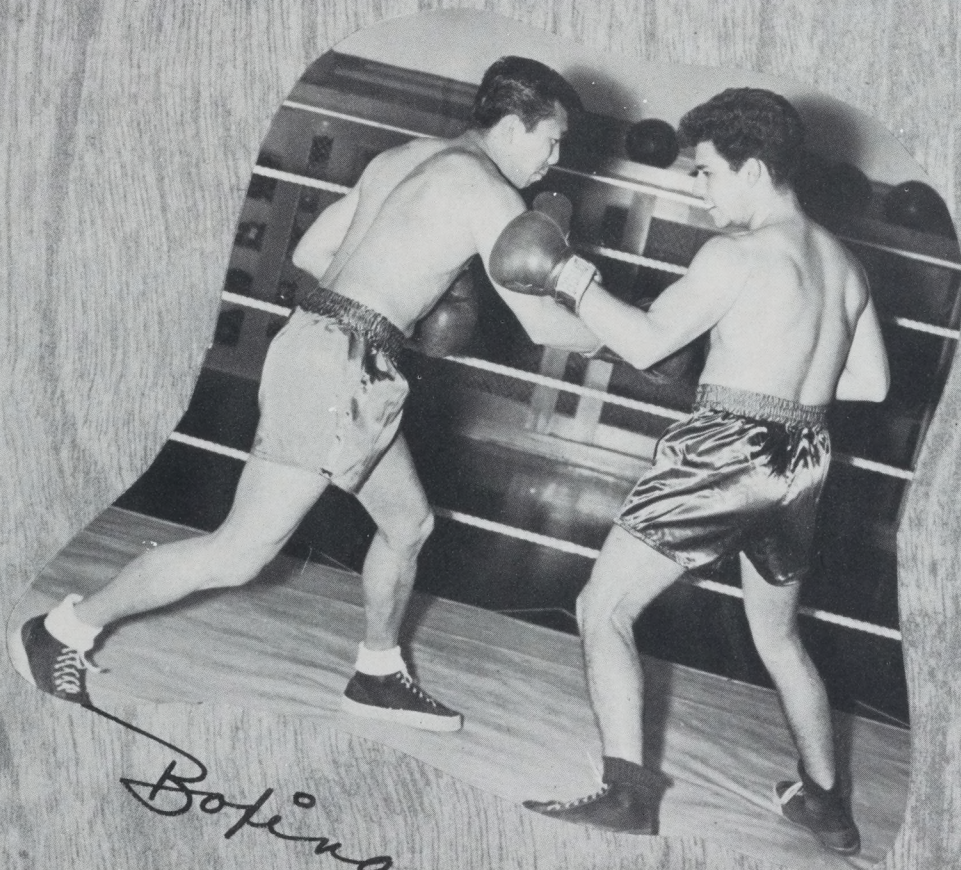

A successful ski-trip to Echo Chalet at Echo Lake took place January 29, 30, and 31. Forty-two ski enthusiasts traveled to the snow country. Transportation was provided by private cars, one of which refused to run half-way home and the occupants took the bus the rest of the way. Injuries were slight, three minor injuries plus many aches and pains. Daytime activities were skiing and tobogganning while night-time activities were dancing, playing cards, and most of all relaxing.

Four women students, above, get their choice of English classes okayed by Mr. Dixon of the English department in the restricted section room, during Spring registration. In this way classes may be kept to sizes in which both students and teachers are benefited.

"Oh my aching hand!" How many cards do I have to fill out?" These are a few of the comments heard while potential students fill out necessary informational booklets.

R E G I S T R A T I O N

After all this information is completed the student still has to run the gauntlet of buying Student Body cards and buying Patrin pledge cards. 815 students were happy when spring registration was completed.

THE BANCROFTERS

The Bancrofters, named after H. H. Bancroft, a collector of information and material concerning California, is an informal group of interested students in California history. Under the leadership of Miss Whitney this group has contributed much to the California room to make it what it is today.

The Bancrofters made a number of field trips during the year to many points of interest in California. A week-end was spent on the Monterey Peninsula, a day in San Francisco, a visit to the Mother Lode country and six days to Southern California, as far South as Ensanada, Lower California.

The French Club can boast of being the largest club on the campus with a membership of 145. Along with sponsoring the Homecoming cake drive, the club has had two potluck dinners, a Christmas party, a picnic, and activities in the French tradition. An example of this was the Mardi Gras held in March. Costumes, contests, dancing and the crowning of a king and queen made up the evening's activities.

FIRST ROW, LEFT TO RIGHT: M. Hamilton, L. Sokol, president, M. Stevens.
SECOND ROW, LEFT TO RIGHT: V. Cameron, J. Hurt, V. Lollich, C. Southard, A. Privette, L. Ratcliffe,
P. Lieftrick. NOT SHOWN, C. Parks.

The A. W. S. cabinet, during the course of the spring semester, sponsored four functions on the campus. First was a tea to acquaint the new freshman women with the women students and faculty of the campus. Secondly was the big fashion show and tea for the women students and their mothers. Later the A. W. S. assisted with a Mothers' Club meeting and finally sponsored the turn-about spring formal held in May.

HOME ECONOMICS CLUB

LEFT TO RIGHT: P. Ohlson, L. Chamberlain, M. Meddaugh, M. Gronemeyer, S. Johanson, president,
L. Baxter, and D. Dilley.

This is the newest club to be organized on the campus and it is affiliated with the National Home Economics College Clubs. Representatives attended the National Convention at Mills College in Oakland this spring, visited Sacramento Junior College on "Career Day" at that campus, and assisted with the fashion show and tea for all women students.

LEFT TO RIGHT: A. Wolf, J. Gentet, W. Reiersgaard, D. Hood, P. Yandle, A. Cook, J. Robinson, B. Della Santina, J. Lambrecht.

QUILL AND PARCHMENT

The Quill and Parchment is a group of prose writers who at their meetings discuss literature and criticize their own writings.

VITAE LAMPADA

LEFT TO RIGHT: J. Berkland, D. Rose, Miss Mott, L. Osler, L. Nivolo.

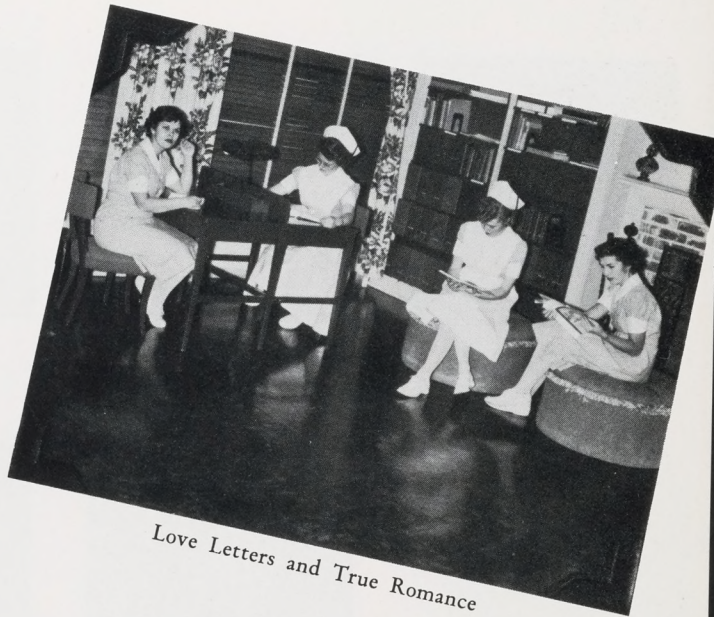

Vitae Lampada, the oldest club on the campus, is a group of students who read, discuss, and criticize poetry written by the members. Membership in the club is gained by submitting a manuscript and having it accepted. An official club magazine is published each spring called "First Leaves" which contains the gathered works of the members.

AFTERTHOUGHTS

Another great year has been completed in the history of Santa Rosa Junior College with Jack Shea, fall semester president, and Ann Bell, spring semester president, at the helm One hundred and forty students attended the second annual P. D.-SRJC Press Conference held on the campus. Many of these one hundred and forty students represented various Redwood Empire schools. Speakers were Charles R. Moore, past foreign correspondent for United Press, and Miss Carolyn Anspacher, a writer on the San Francisco Chronicle Staff The Junior College entry in the Annual Rose Festival took wide acclaim, with Janet Mosure and Bob Mertle as float co-chairmen. The float depicted three bear cubs, small, medium and large, to show the growth of the Santa Rosa Junior College from 1930 to 1960. It was decorated entirely in flowers, except for the students who represented the three bear cubs Congratulations go to "Campus Publicity Unlimited" for their exceptional work in advertising the spring activities. Belonging to this hard working group were Dixie Hood, Rany Clary, Bob Mertle, Joe Carta, Charles Newlon, Pete Binkley and Dick Ellefsen At the time of this writing both the baseball and track teams were in second place in the Big Seven League, with indications of taking first place in both cases Five students participated in several World Affairs meetings held at Stanford and Berkeley, and later in a conference at Asilomar. In this way they started a World Affairs Council on the campus. These students were Dave McNeill, Jim Simpson, Bob Pryor, Dick Ellefsen, and Crawford Tucker The A. W. S. formal this year was held at the Armory and a Hawaiian theme was used. An added attraction of the dance was a selection of a queen from the campus' organizations' candidates The Sophomores had their well deserved Ditch Day by the waters of the Russian River To bring an eventful year to an end the Sophomores sponsored their Graduation Ball in an out-of-town spot where fun and frolic lasted into the wee hours of the morning.
